

## **Flex Technology Group Makes Strategic Investment in Laser Technologies Service to Expand Market Share in New England Region**

*Laser Technologies to roll under Flo-Tech to further national expansion initiative*

**PHOENIX, September 17, 2019** - Flex Technology Group and Oval Partners today announced a new partnership with Laser Technologies Service, a leading office technology provider based in Concord, Massachusetts.

Founded in 1999 by John Toomy and Claudel Jeannot, Laser Technologies has become a primary service provider for businesses based in the Greater Boston area. The company has earned recognition as an HP Gold Imaging and Printing Partner by establishing expertise in managing large corporate printer fleets. Today, Laser Technologies provides leading edge office technology like copiers, printers, and document management software.

“We are excited to welcome Laser Technologies to our growing family,” states Frank Gaspari, CEO of Flex Technology Group. “This new partnership coupled with Flo-Tech’s existing coverage will greatly fuel our expansion in the Northeast.”

“Our partnership with Flex Technology Group allows us to accelerate our growth initiatives and increase opportunities for our employees,” states John Toomy, president of Laser Technologies. “Flex Technology Group has the experience and expertise to accelerate our business rapidly, and Flo-Tech offers us additional capacity to expand nationally.”

Laser Technologies will roll under Flo-Tech but will continue to operate independently while leveraging the resources of the combined group. Laser Technologies’ executive team will remain in their leadership roles to ensure the company’s continued success in serving its customers, employees and the greater Boston community.
